THE MERRY REUBEN.

When the frost is on the pumpkin and the fodder's in the cow,
And the hungry hog is callin' to his tooty wooty sow,
And the hen is in the henery, layin' eggs to beat the band,
Wal, it's then that I'm the maddest, merriest Reuben in the land.
For the sun is brightly shinin' in the same old sassy way,
And the cellar's full of taters and the barn is full of hay,
And I am full of cider, hard as granite, I'll allow,
When the frost is on the pumpkin and the fodder's in the cow.

There's somethin' kind of double like about the things I see—
I see a dozen buildin's whar there's only two or three;
But gosh! I ain't no quitter! Fill the tumbler to the brim;
I'll gulp it down, by ginger; though my sight's a-gittin' dim.
I'm done with my fall plowin' and the thrashin's over, too,
And so I might as well tank up a little, wouldn't you?
So give us—hic—another swig! Lesh drive dull care away
When fro—frosh is on—hic—pumpkin, and cidersh in ja—jay!

A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. C. AND O. vs. BOARD

Court of Appeals on Case Taken Up From Mason County

In affirming the suit of the C. and O. Railway Company vs. Board, from this county, the Court of Appeals handed down the following opinion—

First—Where the foreman of a crew of workmen in the employ of a Railroad Company directed one of the crew to let a heavy timber down into a hole, which was being excavated by another of the crew with the knowledge of the foreman, the failure of the foreman to warn the workman that the timber was to be let down into the hole where he was at work and to furnish an adequate force to handle the timber was negligence which rendered the company liable for the injury to the workman from the timber falling on him.

Second—The following instructions correctly defined gross negligence, viz: "Gross negligence is the failure to take such care as a person of common sense and reasonable skill in like business, but of careless habits, would observe in avoiding injury to his own person or life, under circumstances of equal or similar danger to the plaintiff on the occasion under consideration."

Third—A verdict for \$450 for a very painful injury to the leg, disabling a man totally or partially for several months, is not excessive.

W. H. Wadsworth and E. L. Worthington were the Attorneys for appellant, and A. D. Cole for appellee.

Christmas Giving!

THE abuse of Christmas giving is common knowledge, for we've all received senseless presents that showed little thought on the part of the donor. Don't class yourself with the thoughtless, give useful gifts—pretty, dainty, a delight to the eye, but USABLE. Read our ads carefully and you are certain to find suggestions for every one. Yet we only hint of the possibilities for gift selection here. We mention only some things, there are HUNDREDS of articles we haven't space to quote. Come in and see.

We Need Your Assistance This Month.

To make 1903 a record breaker in our business career. We feel it is not an altogether unpardonable boast when we truthfully say that if our December sales will be a shade more than normal our volume of business for this year will exceed that of all other local clothing houses combined. The reason is self-evident—only High-class Merchandise at the price of mediocre. This is what brings you to Our House. From now to the end of the month the stock in all our departments must "go," and not stand on the order of "going."

SPECIALTIES FOR THE HOLIDAY TRADE—A new line of Cravenette Coats, the handsomest we have yet brought on; Smoking Jackets, House Coats, Bathing Robes of the newest patterns and designs. Our Neckwear, as always, the greatest line in town. Hats, Gloves, Hose and Shirts of the kind you do not find elsewhere.

Don't overlook the Shoes we sell. They are the kind you feel safe in buying, because we warrant every pair.

WHITE LAWN APRONS.

Let a manufacturer take his own time in turning out an order for you and the result is often pleasant in the way of a sharp price lowering. It was by having these Aprons made between-times that most of our saving comes in, and you profit thereby. There are aprons for all sorts of purposes—sewing aprons, aprons for nurses, maids and waitresses. There's a splendid group, over 20 styles to choose from at 25c each, including aprons with bibs and bretelles, and an equally attractive lot at 50c and 75c. You will find the solution for more than one Christmas gift among these pretty aprons.

RUGS . . . RUGS . . . RUGS.

Many homes are expecting just such a Christmas present. There is a delightful variety here from the regal velvet square at \$25 to the modest door mat for 75c each perfect in its way. But we started out to call your attention to our handsome line of Axminster Rugs for \$2.25. A more useful gift and a handsomer one for the money you cannot find.

WITH EVERY CASH PURCHASE!
WE ARE PROUD!

WE ARE PROUD to say that we are now in our new addition,—2,000 square feet more room. Not entirely fixed, but enough to help us during the holiday rush.
WE ARE PROUD that Maysville has a social body like Ringgold Lodge, I. O. O. F., that is above any petty jealousy—always trying to help her Brothers as well as all Maysville. It is due to this Lodge that we can invite you in to this 2,000 square feet of additional room.
WE ARE PROUD that Maysville can show to the world a contractor like Mr. I. M. Lane. With his aid-de-camp, he has built the best and prettiest store in Maysville; and as good as his promise, he has turned it over to us complete, this 2,000 square feet of additional room, just on the minute.
WE ARE PROUD to say that every nickel of this work, except \$152 for prism glass, has gone to the honest and good workmen of Maysville, and through their extra endeavors we are able to invite you today to come and see what this 2,000 square feet of additional room will mean to Maysville.
WE ARE PROUD that our prominence in the Eastern market enables us to give to the people in lightning rapidity the advance styles and changes as they occur.
WE ARE PROUD that we can say with bold assertion that we have built up a larger business in Maysville in three years than some stores have in half a century.
WE ARE PROUD to state if the people continue to demand more room, because of more business, we will gladly add another 2,000 square feet of additional room.
WE ARE PROUD that we are the only DRY-GOODS store that gives GLOBE TRADING STAMPS.
WE ARE PROUD—yes, we are proud, we three boys.

THE Herald says the Louisville Fire Department needs twenty additional horses. What for—to haul away the pianos and boots that the firemen steal?

FIVE million dollars a day is a snug sum for the people of a single country to realize as the sale of the products of their farms, factories, forests, fisheries and mines. The exports of domestic products of the United States in the month of October, 1903, averaged more than \$5,000,000 for every day in the month, and for every business day in the month averaged practically \$6,000,000 a day. The total exports of the month, as shown by the figures of the Department of Commerce and Labor through its Bureau of Statistics, amounted to \$160,370,059, which would average more than \$5,000,000 for every day in the month, and practically \$6,000,000 for each business day in the month. From the port of New York alone the exports of the month were \$51,867,942, or nearly \$2,000,000 for each business day of the month.

This exportation in October, amounting to \$160,000,000, exceeds that of any preceding month in the history of our commerce, with the single exception of October, 1900, when the total was \$163,389,680. For the ten months ending with October the total exports were \$1,149,694,933, and for the twelve months ending with October the total was \$1,422,887,954. These totals for ten and twelve months, respectively, are larger than in any preceding year, except 1901 and 1900, in which the ten and twelve months' totals slightly exceeded those of the present year.

Imports in October also exceeded those of any preceding October, with the single exception of October, 1902. They amounted to \$81,931,005, or a little over \$2,500,000 per day. The exports were, as already shown, over \$5,000,000 per day, thus leaving the average total excess of exports over imports \$2,500,000 per day. The total excess of exports over imports for the month of October was \$78,439,054, or \$2,530,292 for each day in the month, or \$2,905,150 for each business day in the month.

The report further says—Of this enormous total of \$160,000,000 of exports, or \$6,000,000 a day for each business day, the largest single item was cotton, amounting to \$60,000,000, while the remaining \$100,000,000 was divided among other farm products, manufactures, the products of the mines, forests and fisheries. The high prices of cotton during the past few months resulted in a reduction of purchases abroad in the earlier months of the year, and thus a shortage of stocks, and as a consequence the first month of the cotton year, October, showed a very large exportation of cotton and at unusually high prices, the average price per pound for cotton exported being 10.1 cents, against an average of 8.4 cents in October, 1902; 8.1 cents in October, 1901; 9.9 cents in October, 1900, and 7 cents in October, 1899.

A comparison of October with the exports with those of October of earlier years illustrates the remarkable growth of our export trade. In 1870 the October exports were \$29,000,000; in 1880, \$35,000,000; in 1890, \$98,000,000, and in 1900, \$163,000,000, the largest exports for any single month in the history of our commerce, and in 1903, \$160,000,000, or more than in any preceding month except that of October, 1900.

NO OTHER class of our citizens deserves so well of the Nation as those to whom the Nation owes its very being—the Veterans of the Civil War.—President Roosevelt's Message.

That would sound better if Mr. ROOSEVELT practised what he so glibly preaches. His interest in the Veterans seems to be only "vote deep."

KENTUCKIANS generally will be apt to believe statements made by Commander LUCIEN YOUNG of the United States Navy, for the one good reason that Commander YOUNG is a Kentuckian whose record has shed luster on the Navy and on his state. Commander YOUNG was called a day or so since to tell the Senate Committee on Military Affairs what he knew of General LEONARD WOOD's administration of affairs in Cuba. Mr. YOUNG testified that his position in Havana was of a double nature as Captain of the Port of Havana and Commander of the Naval Station at Havana. In the first position he was under General WOOD, but in the latter was in no way subservient to the General. He said he found himself being shadowed by detectives and, investigating, discovered they were working for General WOOD. Other officers were subjected to like surveillance. Upon his recall General WOOD expressed to him surprise and regret. When he reached Washington he discovered that the recall had been upon representation and at the suggestion of General WOOD himself. This comes dreadfully near saying that the President's pet General is a liar; and it's a leadpipe cinch that Commander YOUNG is prepared to back up his statement.

THE farther the Senate investigation goes into the Cuban record of Governor General LEONARD WOOD, the deeper the President's pet gets into the mire.

One of the new witnesses before the Committee on Military Affairs was M. C. FOSNES, Inspector of Posts in Cuba, who said he had received a letter from Judge ORTEZ, President of the Audencia, which tried the postal cases, asking for a translation of the Bristow report, for use in the prosecution. That translation was used as documentary evidence in the trial of RATHBONE.

FOSNES said he understood at the time that General WOOD had instigated the request, to get before the Court documentary evidence.

Major DUDLEY, General WOOD's Judge Advocate, testified that when the application of the Jai Alai Association for an indorsement of its concession to establish the game in Havana was referred to him, he strongly advised against such indorsement. Nevertheless the application was indorsed and granted.

General JAMES H. WILSON, who was Military Governor of Matanzas, told the Committee that Captain BELLAIRS, while correspondent of the Associated Press at Havana, deliberately and willfully misrepresented facts and conditions in Cuba. When he—Major General WILSON—accused him of it, BELLAIRS responded that he did it in the interest of his friend WOOD. He was asked as to the reasons for the advancement of General WOOD over himself, General LUDLOW and General FITZHUGH LEE to the position of Governor General of Cuba, and said that, in his belief, it was more the result of favoritism than anything else.

Of course, this is ex parte testimony; but it does look like that, out of such an array of Army and Navy officers who are testifying to the irregular "doings" of Doctor General WOOD, some of them ought to satisfy The Louisville Post and "tell the truth."

ORR—SPROEMBERG.

At the home of the bride in Commerce street, at 2:30 yesterday afternoon, occurred the marriage of Mr. John B. Orr, Jr., and Miss Elizabeth Sproemberg, the Rev. Dr. John Barbour of the First Presbyterian Church performing the ceremony.

There was quite a number of friends present at the nuptials, which were characterized by the utmost simplicity.

The bride is the daughter of Mr. and Mrs. William Sproemberg, and is one of Maysville's worthiest young ladies. The many lovable traits of her character make her friends wherever she is known, and none but who sincerely wish that all that is fair in life may be her lot. She was becomingly attired in a handsome traveling suit of blue cloth, with hat to match.

Mr. Orr, for his own general worth, certainly deserves the happiness that will be his in having so lovely a life partner. He is a man of steady and industrious habits, for a number of years occupying the responsible position as Foreman of THE LEDGER, and his many friends join with his co-workers in extending hearty congratulations.

In testimony of the esteem in which both parties are held, they were the recipients of many handsome and useful presents.

Mr. and Mrs. Orr left over the C. and O. at 3:30 for a short trip, and on their return they will be at home at Mrs. Rebecca Hamilton's in West Front street.

SCHOOL BOOK TRUST

A Judgment Against American Book Company by Judge Harbeson

Judge James P. Harbeson has rendered judgment against the American Book Company and its sureties, the Hon. Harvey Myers of Covington and the Hon. L. J. Crawford of Newport, for \$10,000 liquidated damages for alleged violation in selling school books in the state of Ohio cheaper than in Mason county.

The suit was filed by Charles D. Wells, County Superintendent of Schools, and the judgment when collected will inure to the sole benefit of the Public Schools of Mason county.

The plaintiff charged the defendant with fixing the prices of text books in Ohio lower than in Kentucky. The defense is that the Ohio statute and not the defendant fixes the prices in Ohio.

The case will go to the Court of Appeals.

MILLIONAIRE'S POOR STOMACH.

The worn-out stomach of the over-fed millionaire is often paraded in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people, and they suffer far worse tortures than the millionaire unless they avail themselves of a standard medicine like Green's August Flower, which has been a favorite household remedy for all stomach troubles for over thirty-five years. August Flower rouses the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system and makes life worth living, no matter what your station. Trial bottles, 50¢; regular size, 75¢. At Henry W. Ray's, next door to Postoffice.

It is a combination of the healing properties of Witch Hazel with antiseptics and emollients; relieves and permanently cures blind, bleeding, itching and protruding piles, sores, cuts, bruises, eczema, salt rheum and all skin diseases. Sold by J. Jas. Wood & Son, Druggists.

CAN'T BE SEPARATED

Some Maysville People Have Learned How to Get Rid of Both.

Backache and kidney ache are twin brothers. You can't separate them. And you can't get rid of the backache until you cure the kidney ache.

If the kidneys are well and strong the rest of the system is pretty sure to be in vigorous health.

Doan's Kidney Pills make strong, healthy kidneys.

Mrs. E. J. Thompson of 911 East Second street says:

"Mr. Thompson procured Doan's Kidney Pills at J. Jas. Wood & Son's Drugstore, corner of West Second and Market streets, and speaks in high praise of their curative powers. Entire exemption from suffering from backache is something so entirely unusual that a remedy which acts so promptly and effectively as did Doan's Kidney Pills is a most desirable one of which to know."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

That Gold Spoon.

There are some men who seem to be favorites of fortune. They are industrious, cheerful workers, full of overflowing of the energy of splendid health, and success seems fairly to drop into their hands. It is of such as these that the less hardy and less successful man says enviously, "That fellow was born with a gold spoon in his mouth."

And yet on analysis it will be found that this success is largely due to splendid health, the endowment of a healthy mother.

Dr. Pierce's Favorite Prescription gives the mother health to give her child. It cures nervousness, nausea and sleeplessness. It makes the body comfortable and the mind content. It gives physical vigor and muscular elasticity so that the baby's advent is practically painless.

"I will endeavor to tell you of the many benefits I have derived from taking Dr. Pierce's Favorite Prescription," writes Mrs. B. E. Robertson, of Medicine Lodge, Barber Co., Kans. "In the fall of 1899 I was expecting to become a mother and suffered terribly with pains in the back of head; in fact I ached all over. Suffered with awful bearing-down pains; I was threatened for weeks with miscarriage. A lady friend told me to use Dr. Pierce's medicines. She had taken them and felt like a new woman. I began using the 'Favorite Prescription' and took four bottles before my baby came and two afterwards. I suffered almost death with my other two children, but hardly realized that I was sick when this baby was born and she weighed twelve and one-quarter pounds. She is now eleven months old and has never known an hour's sickness; at present she weighs thirty-seven pounds. I owe it all to Dr. Pierce's Favorite Prescription."

"Favorite Prescription" makes weak women strong, and sick women well. Accept no substitute for the medicine which works wonders for weak women.

Dr. Pierce's Pleasant Pellets are the most desirable laxative for delicate women.
